

STATE OF NEBRASKA

DEPARTMENT OF NATURAL RESOURCES

APPROVAL OF APPLICATION A-19270, PETITION FOR A WAIVER OF DRAWDOWN DWV-5100

AND PLAN NUMBER 18991

WATER DIVISION 1-B

BACKGROUND

1. On July 14, 2004, the Department of Natural Resources (Department) issued an Order declaring a formal moratorium in the Republican River Basin on the issuance of all new surface water appropriations.
2. On May 10, 2013, Donald L. and Marlene M. Leising filed petition VAR-4679 in the Department for Leave to File or Consider an Application for a New Surface Water Appropriation within a Moratorium Area. The draft application attached to the petition is for a permit to impound 34.9 acre-feet of water from a tributary to the Republican River in the existing Leising Reservoir located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13, Township 5 North, Range 21 West of the 6th P.M. in Gosper County for the purpose of providing water for livestock and erosion control.
3. On December 20, 2013, the Department granted petition VAR-4679 for leave to file an application for a permit to appropriate water.
4. On July 10, 2014, Donald L. and Marlene M. Leising, on behalf of Mardon Farms, LLC, filed in the Department application A-19270 for a permit to impound water, application for approval of plans for dams, plan P-18991 and petition for a waiver of drawdown requirement, DWV-5100, pursuant to the proposed application filed with VAR-4679.
5. Construction has been completed.

ORDER

IT IS HEREBY ORDERED Application A-19270, plan number 18991, and DWV-5100 are APPROVED subject to the following limitations and conditions:

1. The source of water is a tributary to the Republican River.
2. The priority date is July 10, 2014.
3. The amount of water that may be diverted shall not exceed 34.9 acre-feet per year to be stored in Leising Reservoir. The dam that impounds water in Leising Reservoir is located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13, Township 5 North, Range 21 West of the 6th P.M. in Gosper County.

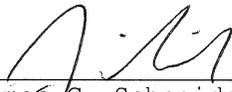

4. The water stored under this appropriation is for the purpose of erosion control and providing water for livestock.
5. *Neb. Rev. Stat. § 46-241(5)* states in part, "The owner or possessor of a reservoir or intentional underground water storage facility does not have the right to store water in such reservoir or facility during the time that such water is required in ditches for direct irrigation or for any reservoir or facility holding a senior right. Every person who owns, controls, or operates a reservoir or intentional underground water storage facility, except political subdivisions of this state, shall be required to pass ... a portion of the measured inflows to furnish water for livestock"
6. The owner or possessor of the reservoir storing water pursuant to A-19270 shall have structural controls in place or other mechanical means to immediately release a portion of the measured inflows in such amounts and at such times if so ordered by the Department.
7. A waiver of the requirement for a drawdown, DWV-5100, has been granted. This waiver does not relieve the owner from the responsibility to pass a portion of the reservoir inflow by some method for downstream appropriators should there be a need for water administration; or if water should be required for livestock needs, unless the appropriator is a political subdivision. The Department may rescind the waiver and require installation of appropriate outlet works at a later date if it is determined that the responsibility to pass inflows is not being met or cannot be met by another method.
8. The appropriator must comply with all relevant statutes. This includes, but is not limited to, the following:
 - A. Notify the Department of any change in ownership or address.
 - B. Receive approval prior to taking any action that changes the storage capacity of this reservoir, the specifications, plan P-18991, or the type of appropriation.
 - C. Construct, operate and maintain the structure in accordance with *Neb. Rev. Stat. § 46-241* and the *Safety of Dams and Reservoirs Act, §§ 46-1601 to 46-1670*.
 - D. Assume liability for all damages due to leakage, overflow or structural failure of the structure.
 - E. Release a portion of the reservoir inflows for livestock where required, unless appropriator is a political subdivision.

ADDITIONAL INFORMATION

Failure to comply with all laws and regulations pertaining to surface water appropriations and any orders issued by the Director of the Department of Natural Resources may result in the cancellation of the appropriation, temporary closing of the appropriation, administrative penalty, criminal prosecution, or any combination thereof.

DEPARTMENT OF NATURAL RESOURCES

February 13, 2015

James C. Schneider, Ph.D.
Acting Director

The applicant and any person with sufficient legal interest who has been or may be substantially affected by this approval may request a contested case hearing in accordance with the *Neb. Admin. Procedures Act* §§ 84-901 et. seq. RRS and the Department's *Rules of Practice and Procedure Title 454 Admin. Code Chapter 7*. The request must be received by the Department at its Lincoln office (Nebraska State Office Building, 4th Floor, 301 Centennial Mall South, P.O. Box 94676, Lincoln, Nebraska 68509-4676) within 30 days of the date of the Approval and be accompanied by a filing fee of \$10.

A copy of this approval was posted on the Department's website. Copies of this approval, engineering review report and plan P-18991 were provided to the Department's field office in Cambridge, Nebraska. Copies of this approval and map 18991 were mailed on February 13, 2015, to the following:
