

DEPARTMENT OF NATURAL RESOURCES

PLANS FOR FARM POND DAM CONSTRUCTED BEFORE 2005

Farm pond dams are small-sized dams with either a minimal or low hazard potential. See Classification of Dams: https://dnr.nebraska.gov/dam-safety/all-technical-resources-references

Also see Requirements for Approval of Farm Pond Dams Constructed Before 2005 for additional information regarding specific criteria and requirements: https://dnr.nebraska.gov/dam-safety/all-technical-resources-references

Dam Name: []

County: []

The following items must be attached to this plan form:

- 1. Topographic map of the dam and reservoir area that includes reservoir water line at the normal storage elevation.
2. Documentation from an engineer in support of the dam's hazard potential classification.

LOCATION MAP

R [] East [] West

Include Section No. in middle box and show location of dam and stream channel

[] EXISTING [] PROPOSED

PRINCIPAL SPILLWAY PROFILE

[] NO PRINCIPAL SPILLWAY

Large grid area for Principal Spillway Profile.

MARK LOCATION OF EACH SPILLWAY ON TOPOGRAPHIC MAP OF DAM

[] ADDITIONAL CONDUIT CROSS-SECTION(S) ATTACHED

[] EXISTING [] PROPOSED

EMERGENCY SPILLWAY CROSS-SECTION (LOOKING DOWNSTREAM)

[] NO EMERGENCY SPILLWAY

Large grid area for Emergency Spillway Cross-Section.

MARK LOCATION OF EACH SPILLWAY ON TOPOGRAPHIC MAP OF DAM

[] ADDITIONAL EMERGENCY SPILLWAY CROSS-SECTION(S) ATTACHED

RESERVOIR STORAGE TABLE

Elev. (feet)	Area (acres)	Storage (ac-ft)

Elev. (feet)	Area (acres)	Storage (ac-ft)

In the above table list and label elevations associated with each spillway and top of dam.

I hereby certify that the dam meets, or will meet after the proposed modifications are completed, the structure and condition criteria for an existing low hazard potential farm pond dam constructed in Nebraska before September 4, 2005.

 Engineer

 Engineering Firm

I hereby certify that I am the owner of the dam and reservoir described on this plan form.
