

Protect the life you've built with flood insurance.

Flooding is the most common and costly natural disaster in the United States. Just one inch of water in your home can cause **more than \$25,000 in damage.**

Most homeowners policies don't cover flooding – only flood insurance reimburses homeowners for flood damage. Most policies have a 30 day waiting period before going into effect, so talk to your insurance agent today about purchasing flood insurance through the National Flood Insurance Program.

For more information, visit [FloodSmart.gov/Prepare](https://www.floodsmart.gov/prepare).

Flooding can happen to anyone, anywhere, at any time.

Here are some tips to stay prepared:

Keep important documents in a secure, waterproof deposit box.

Save money in an emergency savings account, and keep a small amount of cash in a safe place at home.

Review existing health, life, and property insurance policies to make sure the amount and extent of coverage is sufficient for all possible hazards.

With flood insurance, you can protect your home, your belongings, and your financial future. Learn more about your flood risk and how to prepare for disasters at [FloodSmart.gov/Prepare](https://www.floodsmart.gov/prepare).
